MISS ANNE COOKMAN ENGAGED TO WED EARL THOMSON

Glendale Girl and World's
Champion High Hurdler
to Marry in Spring

Miss Anne Cookman, daughter of Rev. and Mrs. W. W. Cookman, entertained with a very charming musicale and tea Saturday afternoon, at the beautiful new colonial home of her parents, 628 North Louise street, at which time her engagement to Earl Thomson of Long Beach was announced. Mr. Thomson is the world champion high hurdler, having won that honor at the Olympic meet at Antwerp, Belgium, in 1920. At the beginning of the afternoon a delightful musical program was given, including violin numbers by Miss Genevieve Mulligan, piano selections by Miss Ethel Wilson, whistling solos by Miss Jane Robertson of Pomona, piano numbers by Miss Margaret Cashin of Los Angeles and vocal solos by Miss Lorette Smith of Whittier.

The living room was decorated with holly and poinsettias, suggestive of the Christmas season. The announcement of the engagement of Miss Cookman to Mr. Thomson was made in a most original and unique manner. In the center of the dining table was a miniature hurdle made of white centurians and maiden hair ferns. In front of the hurdle was a bronze statue, which had been personally presented to Mr. Thomson by the king and queen of Belgium at the Olympic meet in 1920. The statue was of a Grecian marathon runner, in whose uplifted arm was a laurel wreath.

Secret Is Revealed

The guests present were curious as to what the tiny scroll, which had been rolled and placed in this wreath, contained. Upon opening it they found the names of Miss Cookman and Mr. Thomson.

Miss Frances Smith of Whittier and Mrs. Alfred Cookman of San Diego, sister-in-law of Miss Anne Cookman, assisted Miss Cookman at the tea table, where very delicious refreshments of ice cream, cake, tea, etc., were served.

Doll, 727 South Louise street, who is anxious that every youngster who attends the Holy Family Catholic church should remember the time and place.

The raid on the biggest still in California at La Crescenta early Saturday afternoon was participated in by Chief Allen O. Martin, Leo Stein and George Hurda of the local police department in co-operation with Robert C. Avery and Earl Miller of the federal prohibition department.

GARBAGE FEE IS BUT \$1

"It really costs the city about \$1.25 a quarter to collect the garbage, declared City Manager W. H. Reeves this morning, "but the fee is only \$1. The city council wanted to keep the rate as low as possible."

Formal Dedication of C. of C. Home to Occur Tuesday

TOMORROW will mark the formal opening of the new Chamber of Commerce quarters here.

At noon the directors of the Chamber, members of the Citizens' Building Corporation board and other officials will have the initial luncheon served them in the directors' dining room; in the afternoon the general public is invited to inspect the building and in the evening there will be a program for members at which time the building will be dedicated officially.

Rain or shine, the program is to be given just as announced for last Thursday night, except that the room on the first floor which has been leased by the Glen Inn company, will be used for the assembly instead of the second floor auditorium.

Splendid attractions have been provided by the Glendale Music Club and the Sammies' Sisters, while numerous speeches will be made. There will be a seat for every one of the 1000 and more members.

GLENDALE BECOMES WELL KNOWN FOR ITS CUCUMBERS

Largest Hothouse on Pacific
Coast Located Here With
Half Million Invested

Glendale has become famous for its cucumbers!

"Oh, pickles!" the lady may remark, but it is a fact that the largest hothouse establishment on the Pacific coast is located here and advertising this city far and wide. A half million dollar investment when the plant is completed, gives one some idea of the magnitude of the Davis-Glendale company.

This greenhouse is located off North San Fernando near Vine street and many people have wondered what the plant was used for. The cucumbers are raised up on air and are produced in the winter.

At present the output is being shipped east where they bring fancy prices, later on in the winter, when the local garden cucumbers are not to be had, a considerable quantity will be sold in Los Angeles, but the company does not operate any retail sales department.

Unusually Fine Stock
The hothouse cucumbers are unusually fine, long, straight fruit and are packed two dozen in a box. Attractive labels are pasted on both ends of the boxes, bearing a lithograph of a perfect green cucumber with the words "Grown in Glendale, California" just below it.

The company has a large acreage and many more buildings are to be added, probably three this coming summer. The buildings are constructed on the unit system, the size and style adopted being the same as the large ones recently completed, each being 54 feet wide by 710 feet long.

As stated previously in The Glendale Evening News, this company is a separate branch of W. B. Davis Co., an old established corporation with headquarters in Aurora, Illinois.

The Davis-Glendale company new buildings are the largest and most modern greenhouse buildings on the Pacific coast. The entire years plan will not be completed for two years and will cost nearly one-half million dollars. In discussing the future plans of the company Mr. Davis stated that the most serious drawback against industries locating in California is the extremely large amounts necessary to pay in taxes, especially as assessed against incorporated companies. The total of the taxes being in some cases four to five times as much as in eastern states. Some large eastern manufacturers who figured on moving out here have given it up on that account, concluding that they might as well pay taxes on a home here but could not see much chance to do so on a large industry and make it pay.

Study Of Taxation
Mr. Davis says that it is hard to say anything against California, but advises that if California people want to seriously remove the discrimination against eastern corporations and the unfair corporation taxes, also equalize by proper adjustments the taxes of corporations and firms to the same basis as individuals, he says. Mr. Davis has made a study of corporation accounting and taxation and some of his ideas were considered favorably in revising the corporation income tax laws. It might be well to investigate what there is to these suggestions.

ELKS TO ORGANIZE ANOTHER BOWLING LEAGUE AT ONCE

Meeting Will Be Held Next
Wednesday Night to Talk
Over Proposed Plans

Following the announcement of the winners of the recently completed Glendale Elks' bowling league, the forty players who took part in the season's contests will hold a meeting at the club alleys on Wednesday night, the purpose of which will be that of making tentative arrangements for the forming of another league. The gathering will take place at 7:30 o'clock, and Jimmy Apfel and Bert Ward, of the bowling committee, have requested that all lodge members who are interested in the bowling art should be present.

As the proposed league is planned to be a straight no-handicap affair the averages made during the first tournament will be considered when the teams are arranged. Instead of placing five men on each squad, as was done in the play just finished, there will be three bowlers to a team, with one alternative who will be substituted when a regular is unable to take part in a match. There will be ten or more teams entered in the race, according to the number of candidates who report for the event.

Plan Two Divisions

The present plan is to have two divisions, the better bowlers to compete in Class A and the less experienced performers to be in Class B. Then, following the completion of the season, the winners of each of the divisions will be matched in a play-off series of games to determine the championship aggregation. As in the opening league, a generous list of prizes will be offered to the leading teams and individuals.

The winners of the various awards in the house bowling league, which have recently been determined by Secretary Bert Ward, will be presented with their prizes at the Wednesday night meeting.

Here Are Winners

Class A—First, Joe Fortunato; second, Bert Ward; third, Jimmie Apfel.

Class B—First, Ed Clark; second, Hill McGillis; third, Ulrich.

Class C—First, John Fanset; second, C. Vogel; third, Vincent Salamanca.

Class D—First, Frank Salamanca; second, Walter Jones; third, C. F. Rose.

High score—Timmons.
Most strikes—Claude Caswell.
Most spares—Jack West.
The winners of the other two prizes have not yet been announced.

Five-Unit Bungalow Court Being Built by Henrietta Smith

Miss Henrietta Smith has Architect Charles E. Shattuck preparing plans for a five-unit frame and plaster bungalow court to be erected for her at the corner of Glendale and Lomita avenues. Each unit will contain four rooms and bath. Construction is to start immediately, it is reported.

National Guard and High School to Play

A high school quintette and five stalwarts from the local national guard will clash in basketball tonight in the boys' gymnasium at the high school.

Coach Normal C. Hayhurst stated this morning that the school line-up probably would be as follows: Segnaud Ringstad and Wolfred Cline, guards; Lee Whitman, center; Vic Colburn and Bill Goertz, forwards; while the substitutes will be Neil McIver, Walter McManus, Norman Begg and Thomas Wood.

It is reported that the line-up for the national guard will be: William Jensen, center; Bernard Dennison and Kenneth Wild, forwards; Thomas McIver and Walter McIver, guards. Among the substitutes will be Roger Dennison and Normal C. Hayhurst.

Dancing Party Given at Justin Cook Home

Miss Mary Cook, daughter of Mr. and Mrs. Justin Cook of 712 South Pacific avenue, and Miss Sarah McClure entertained a group of high school friends at a dancing party at the home of the former Saturday night. Dancing and games were enjoyed, and at the close of the evening delicious refreshments were served.

Today's World News In Brief

(By International News Service to Glendale Evening News)

OFFICIAL DENIAL THAT FRANCE HAS ACCEPTED TERMS

FIRE IN NASHVILLE CAUSES LOSS OF ABOUT \$150,000
NASHVILLE, Tenn., Dec. 19.—Damage estimated at \$150,000 was caused in Nashville's down-town district today by fire of unknown origin which raged several hours. All fire apparatus of the city was called into action before the flames were under control.

FINDS WOMAN GUILTY OF SLAYING DAUGHTER'S SON
ADRIAN, Mich., Dec. 19.—"Guilty of manslaughter," was the verdict of the jury in the case of Mrs. Mattie Kirby, W. C. T. U. worker, charged with the murder of the infant son of her unmarried daughter. A sealed verdict was returned Saturday night but was not read until today. Mrs. Kirby will be sentenced next week.

COLLECTOR FOR SAM SEELIG STORES HELD UP, ROBBED
LOS ANGELES, Dec. 19.—Three youthful bandits held up and robbed H. S. Wright, a collector for the Sam Seelig chain of stores in Boyle Heights today, wrecked their automobile while fleeing and then, at the point of pistols, took a large touring car from George Emerson. Armed police squads began a search for the bandits who escaped in the stolen car.

ANOTHER COURT DECISION TO SUSTAIN PROHIBITION
WASHINGTON, Dec. 19.—The United States supreme court drove another nail into the coffin of John Barleycorn. The highest court affirmed a decision by the District of Columbia supreme court in dismissing a petition of J. D. Widemann of New York. Widemann had attacked the validity of the prohibition amendment and asked an order requiring the secretary of state to cancel the proclamation of ratification of the amendment.

KILLS HER HUSBAND BECAUSE HE WAS CRUEL, CLAIM
DALLAS, Tex., Dec. 19.—"I killed him because he was cruel to me," So said Mrs. Bertha Smith following the fatal shooting of her husband, Dr. J. T. Smith, at their home here this morning. Mrs. Smith was taken into custody immediately following the shooting. Dr. Smith was in bed at the time of the shooting and Mrs. Smith was arrested across the street. Dr. Smith was shot through the left shoulder, the bullet entering the back and penetrating the heart.

WILSON HAS 'DEEPEST SYMPATHY' FOR PRES. HARDING
WASHINGTON, Dec. 19.—Woodrow Wilson has a feeling of the "deepest sympathy" for President Harding in the present international situation, it was stated to the International News Service today by a close personal friend of the former president, who just had a long conference with him regarding existing conditions. "Mr. Wilson feels," said his visitor, "that President Harding is getting into much the same situation that he himself was in following his return from Paris—that he has labored long and faithful toward the ideal of world peace and now finds the fruits of his labors endangered by the hostile attacks of a small and disgruntled minority."

DEVALERA MAKES MOTION FOR REJECTION OF TREATY
DUBLIN, Dec. 19.—Formal motion for the rejection of the Irish peace treaty was made in the public session of Dail Eireann today by Eamon DeValera. It was seconded by Austen Stack, a member of the Sinn Fein cabinet. "Rather than ask the people to accept such a document I would ask them to continue in slavery," said DeValera. "It is the principle that is objectionable." In seconding the motion to reject the treaty Stack said: "I attack this action because the treaty makes the Irish British subjects. It was not for this that our patriots died." Arthur Griffith made a fighting speech in favor of the pact. He read a letter from Premier Lloyd George promising equality with Canada and Australia and also a place in the league of nations for Ireland. Griffith warned the Sinn Feiners that they would lose the sympathy of the world if they reject the treaty.

THREATS OF VIOLENCE IN WALL STREET TERRITORY
NEW YORK, Dec. 19.—More than 100 extra policemen and detectives and heavy detachments of government secret service agents were engaged in the Wall street district today following anonymous threats of violence. Both the city police and federal authorities were certain the threats were a hoax, but they were taking no chances. They said that the precautions would be continued for several days. A note was received by a brokerage firm at 24-Broad street saying that the stock exchange building and everything else within five blocks would be destroyed. Another reason for the precautions was the possibility that terrorists might attempt reprisals for the revelations made by Wolfe Lindenfeld at Warsaw regarding the Wall street bomb outrage in 1920. William J. Burns, head of the bureau of investigation of the department of justice, said he did not fear an explosion but was ready for anything. He said the public could rest assured that every possible precaution has been taken.

FRENCH DEMAND SERIOUS BAR TO EARLY ADJOURNMENT

WASHINGTON, Dec. 19.—The arduous conference went into its sixth week today on the horns of several dilemmas which bid fair to wreck the hopes of the leaders to accomplish the principal aims of the meeting and be out of Washington by New Years. The French demand for a naval building program of 350,000 tons of post-Jutland battleships by 1941 is by far the most serious bar to an early termination of the conference. The warning conveyed to France's delegates here, that persistence in the demand can only wreck what already has been accomplished and result in the failure of the parley, has been met with the statement that the French program has the united support of the French government and it cannot be modified except on orders from Paris. Premier Briand has been appealed to. The premier, however, is in London this week, engaged in earnest conversations with Premier Lloyd George over German reparations and some delay is anticipated. Secretary of State Hughes has lost no time in getting to Briand direct. It is understood that Secretary Hughes instructed George Harvey, American ambassador to Great Britain, to see the French premier at once and Harvey called on him within a few hours after his arrival in London.

STORM RECORD NOW 3.12 INCHES AND NO LETUP DUE

Plenty of Rain Falls Upon Glendale; Northwest Under Grip of Severe Cold

Driving rain from the southeast is literally pouring down in Glendale today with no promise from the weather bureau that it will let up until tomorrow. H. E. Bartlett, local observer, reports that 3.12 inches have fallen during the storm, making a total of 4.11 for the season as against 2.81 last year at this time. There was .95 inch recorded Sunday morning, 1.47 inches early today and 3-12 inches at noon today.

International News Service leased wire reports from all Pacific coast points indicate that the northwest is in the grip of one of the most severe gales in history. From Portland the following dispatch is sent:

Severe Cold Spell
"The Pacific Northwest is today in the grip of the coldest spell of weather experienced this season. The mercury dropped to 22 degrees above zero, the lowest point in two years. Ice-covered streets impeded traffic throughout the city. The ice is expected to force the closing of the Columbia river to shipping." At Edmonton, Alta., in Canada, it is 36 degrees below zero.

Seattle reports the temperature at 22 above with six inches of snow.

Spokane is the cold spot with 6 degrees above zero to its credit.

Report from North

Rain, which has been general over the state for the past 24 hours, the weather bureau predicted, will continue tonight and Tuesday. "Snow has been falling since daybreak from Dunsuir north into Oregon, in northern California, and at 9 o'clock a fall of six inches was reported in Dunsuir and a foot at McCloud."

Auto Drivers Stalled By Storm on Sherman Way

Glendale people may be glad that this portion of the San Fernando valley is sequestered from the storm now passing over the southland. H. R. Easton, International News Service leased wire operator for The Glendale Evening News, owns a chicken ranch in the vicinity of Van Nuys. He motors to work every morning.

With six other autoists and one Van Nuys Pacific Electric car, he was stalled out on Sherman way from 6 o'clock until 10 o'clock today in the driving rain which had swept mud across the roadways of the western San Fernando valley.

MOTHER CAN'T KISS CHILDREN SUNDAY, SAYS BLUE LAW

Attorney Frank L. Muhleman
Furnishes Extracts From
Old-Time Regulations

"The Glendale Evening News is in receipt of the following self-explanatory communication from Attorney Frank L. Muhleman:

I enclose herewith an article on "Blue Laws" as the same is published in the "Docket," a legal publication of the West Publishing Company.

In view of the fact that we have heard considerable about "Blue Laws" in the last year or so, it might be of interest to your readers to know what the original "Blue Laws" were. You will note the article says it is extracts from the "Blue Laws" and probably does not contain a complete list.

Respectfully yours,

FRANK L. MUHLEMAN.

The article referred to by Attorney Muhleman follows:

Blue Laws

The successful enactment of the prohibition amendment has prompted many of the "lesser reformers" to increased activity, and we hear disquieting rumors as to the prohibition of other things, including tobacco and prize fights. Constant reference is made to the "blue laws," and they are held up as the awesome "bugaboo" which will soon confront us. The Philadelphia Record recently reprinted extracts from the "blue laws" enacted by the people of the "Dominion of New Haven." They were printed on blue paper, and took their name from this fact, rather than from their subject-matter. The selection is given below:

"No one shall be a freeman or give a vote unless he be converted and a member of one of the churches allowed in the dominion.

"Each freeman shall swear by the blessed God to bear true allegiance to this dominion, and that Jesus is the only king.

"No Quaker, or dissenter from the established worship of this dominion, shall be allowed to give a vote for electing of magistrates or any other officer.

"No food or lodging shall be offered to Quaker, Adamite or heretic.

"If any person turns Quaker he will be banished and not suffered to return but on pain of death.

Couldn't Kiss Children

"No priest shall abide in the dominion; he shall be banished and suffer death on his return.

"Priests may be seized by any one without a warrant.

"No one to cross a river but an authorized ferryman.

"No one shall run on the Sabbath day, or walk in his garden or elsewhere, except to and from meeting.

"No one shall travel, cook victuals, make beds, sweep house, cut hair or shave on the Sabbath day.

"No woman shall kiss her children on the Sabbath.

"The Sabbath shall begin at sunset on Saturday.

"To pick an ear of corn in a neighbor's garden shall be deemed theft.

Death for Stealing

"A person accused of trespass in the night shall be judged guilty, unless he clears himself by an oath.

"When it appears that the accused has confederates, and he refuses to discover them, he may be racked.

"No one shall buy or sell land without permission of the selectmen.

"A drunkard shall have a master appointed by the selectmen, who are to bar him from the liberty of buying and selling.

"Whoever publishes a lie, to his neighbor's prejudice, shall be set in the stocks or be whipped 19 stripes.

"No minister shall keep a school.

"Men stealers shall suffer death.

"A debtor in prison, swearing he has no estate, shall be let out and sold to make satisfaction."

Regular Meeting of Local Elks Tonight

The regular weekly meeting of the Glendale Elks will take place tonight at the clubhouse, the principal business of which will be the reading of the annual report of the Christmas Charity activities of the organization.

SAGE TEA DANDY TO DARKEN HAIR

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair

You can turn gray, faded hair beautifully dark and lustrous almost over night if you'll get a bottle of "Wyeth's Sage and Sulphur Compound" at any drug store. Millions of bottles of this old famous Sage Tea Recipe, improved by the addition of other ingredients, are sold annually, says a well-known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray or becoming faded have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur Compound tonight and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.—Advertisement.

For Her Sweet Tooth

It would be a lamentable Christmas without Candy in the home, wouldn't it?

Everybody expects Candy, for it is as much a part of the Christmas festivities as the tree itself.

Here we've made special preparations for the Holidays to please the sweet tooth of father and mother, sister and brother.

Holiday boxes and other novelties are offered here. We will be glad to have you inspect our Candies. Open Wednesday, December 21st.

United States Not to Lead Economic Session

WASHINGTON, D. C., Dec. 19.—

Definite assurances that the United States will not take the initiative in the international economic and financial parity which is expected to follow closely the disarmament conference, were received from the White House by Senate leaders. President Harding is opposed unalterably to the American government calling or participating in such a parity, it was stated authoritatively.

If Lloyd George were to summon a world economic and financial conference, it would occasion no surprise in official circles here, it was said, but the president is unable to share the opinion of senate leaders that if the British government wishes to convene such a conference it would not be necessary for the American government to take an active or an official part in it.

The American government might be represented at such a conference by an "unofficial observer" in much the same way that it has an unofficial spokesman present at the deliberations of the reparations commission, it was suggested.

Senator Borah Flays Provisions of Treaty

WASHINGTON, D. C., Dec. 19.—

Senator Borah, Republican, of Idaho, flayed the provision of the four-powered Pacific treaty by which the "insular dominions" of Japan, he declared, would be guaranteed against aggression, armed or otherwise, by the United States, Great Britain and France.

Joining other senatorial critics of the treaty in denouncing the so-called "guarantee clauses" of the pact, Borah declared that it seemed to him that the use of the term "insular dominions" in Article I of the treaty was most "reprehensible" and would bind the United States to employ force if necessary under Article II to protect Japan herself from aggression by China or Russia, or any other nation "not a member of the proposed alliance."

Twenty Millions for Aid Starving Russians

WASHINGTON, D. C., Dec. 19.—

Heeding the call for relief of the starving Russians in the Volga valley, the House took up for immediate passage a bill authorizing an appropriation of \$20,000,000 with which to purchase food and seed grains and preserved milks for children to be sent to the sufferers as speedily as possible.

The appropriation is to be taken from the profits of the United States Grain corporation, which controlled and distributed the wheat supply during the war.

Welcome Winter Rains
Million for Revelry
Whole World Seems Sick
Mail Packages Today

By Gil A. Cowan

THE winter rains which finally
have set in are welcomed by the
ranchers, for it means that
thousands of dollars will be saved
them in irrigation bills. It almost
makes them believe there is a Santa
Claus who is filling everybody's sox
with water this week.

There are people, however, who
will suffer from this rainy spell un-
less their friends rally to their sup-
port. The merchants, for instance,
have huge stocks of goods which
must be cleared from their shelves
in the next day or two. They are
under heavy expense for clerks, etc.
Do your Christmas shopping right
now!

Then the real estate men who are
ready to sell you property are tied
up by the deluge. While you may
not enthuse over the beautiful sun-
sets and it is impossible to see the
mountains through the clouds, the
land and lots are worth just as much
today as they were last week. Buy
whatever real estate you need, re-
gardless of the rain.

And another business man who is
undoubtedly hit by the weather is
the theatre manager. Unusually
good shows have been provided for
the holiday season in the expectancy
that the thousands of buyers would
be downtown. Now, if you really en-
joy good entertainment, attend the
theatre and never mind the elements
without.

In London they have frequent
fog and people go about as though
they were living in a land of sun-
shine. In Portland, Ore., it rains
about one-third of the year, yet busi-
ness rolls along quite regularly.

That's the way it should be here.

What a wild time is being planned
for New Year's eve in the metropolis.
A million dollars will be spent in
revelry, it is estimated, by a Los An-
geles newspaper. Great stuff, but
what is a New Year's celebration
nowadays?

A person solemnly holds up a stick
of chewing gum and solemnly swears
that he will never again paste it
under the rim of a soda fountain.

Another lifts a cup of coffee on
high and says, "Oh, tempter, I fore-
sweat thee until breakfast tomorrow
morning."

And so it goes, this mock New
Year's of today. A crowd of boys
will gather around a harmless street
car and rock it off the rails at Sixth
and Broadway. Girls will dress in
sailor costume and masks will be
worn and dancing and dining will be
on the program.

But the "kick" of yesteryear is
getting weaker and everybody soon
will be a member of parties engaged
in watch services, or maybe they will
be in bed, not giving a "hang" what
happens.

While California is slathering
around in the rain today, New York
and the northeastern United States
are being manhandled in a gale of
sleet and snow, while tides in Eng-
land are inundating shipping.

In addition to these terrestrial
phenomena, it is noted that many
notables are dying, heart trouble be-
ing assigned the cause usually. Re-
sistance seems to be low the world
over.

Better watch your step!

Delay no longer in mailing those
Christmas gifts.

Packages take a little longer than
letter mail to sift through the sys-
tem adopted by the postoffice depart-
ment.

Remember, it is for your accom-
modation that the government has
provided this service.

Make it what you wish! Delay
means the delay of a day or two in
the delivery of your gifts.

Are You Sure Your Children's Eyes Are Right?

Many a child considered dull or lazy in school or music studies has simply been suffering from defective vision. And often correct glasses have changed entirely the record of performance. Perhaps your youngster's report-card is reflecting the presence of eye-strain. Perhaps you are not doing your own child full justice.

During the Christmas Holidays is an opportune time to have your children's eyes examined.

We have specialized on children's eyes and know how to put the child at ease so as to secure the most accurate findings.

A Suggestion

A Gift Certificate for Glasses at this Optical Establishment of known reliability would be greatly appreciated by one whose vision is imperfect. What gift could bring greater happiness and enjoyment?

Feel free to call on us for any minor adjustment of your glasses. We'll be glad to serve you.

ENTIRE BUDGET FOR CHRISTIAN CHURCH QUICKLY RAISED

Twelve Teams of Two Men Each Get Needed Pledges in Spite of Storm

The entire budget for next year's regular expenses at the Central Christian Church was raised yesterday afternoon by twelve teams of two men each, who visited every family in the congregation, despite the rain, in the annual "Every member financial visitation."

The morning sermon delivered by Rev. Clifford A. Cole concerned the privilege and duty of giving. He stated that a Christian should give himself first and then generosity in regard to worldly possessions would come later. Scriptures were quoted in regard to giving. Rev. Cole declared that it should be universal, systematic, regular and proportionate, according to income or prosperity, hearty, and spiritual.

The "Imprisonment of Paul" was the topic of the evening sermon by the pastor. It was a resume of the Sunday school lessons for the quarter which have been on the life of St. Paul.

Team Work Successful
Both services were held in the remodeled church and the morning service especially was well attended. The budget estimated that \$4700 would be needed next year for the regular expenses of the church and \$1325 for missions. Yesterday afternoon \$5050 was pledged for the ordinary fund and \$1435 for mission work.

The following men of the church conducted the solicitation: W. B. Kirk, A. F. Hedges, C. Wykoff, C. C. Stoler, A. A. Hubbert, O. L. Kilborn, George Staub, J. H. Orth, H. A. Marble, O. L. Rhodes, A. F. Webster, M. G. Mueser, E. H. Learned, F. E. Morford, Frank Andrews, L. Kaster, H. R. Stevenson, E. E. Leggett, H. E. Cox, A. B. Heacock, F. Jalageas, F. L. Thompson, R. P. Jodon, and A. S. Van Loon.

'Back to Christ' Is Topic of Sermon By Rev. Edmonds

A spirited and gripping presentation of the current work of the Y. M. C. A. in this locality especially the work of the H-Y was given yesterday morning at the Presbyterian church by George D. McDill, who gave staggering figures of its vast expenditures in asking for financial support.

"Back to Christ" was the subject of the sermon by Rev. W. E. Edmonds. He took as his text: "The preaching of the cross is to them that perish, foolishness; but unto us which are saved, it is the power of God."

Rev. Edmonds declared that the inhabitants of the world are living in an age of unrest, almost intoxication which has gone beyond the safety mark. He admitted that the old truths seem to many inadequate to meet "advanced thought."

However, Rev. Edmonds holds that some things are in the very nature of the case unchangeable and that first, last and all the time truth is authentic. "Today there are those, who more and more set aside the fundamentals and minimize the atonement," declared Rev. Edmonds. "But there is nothing else to put in its place: scholarship can bring nothing. Young people come home from colleges and seminaries with wobbling faith, side-stepping from the cross."

"And books: There are many which on the surface seem fine, but look out, what is their attitude toward Calvary? Everything depends on that. They beautifully speak of Christ as our example but they declare that he could not assume our guilt and suffer its penalty. But Christ's blood just means His life substituted and given for us on the cross and we are acquitted and the guilt imputed to Him."

"He voluntarily took our sin and shame and the Father looks on us through Him. He brings us victory. The only way we can get it is by way of the cross. You cannot look at Calvary and go out to live a little selfish life."

PEERLESS COMPANY DOING ITS PART IN UPBUILDING

Number of New Folk Brought Into Glendale and Are Now Settled in New Homes

The Peerless Home Building & Investment Company, 212 South Brand boulevard, take pleasure in introducing to the community the following families who are about to move into new bungalows:

Rev. and Mrs. Thomas E. Carter, 1010 East Maple street. For fourteen years Rev. Carter was pastor of churches at various towns in Oklahoma, his last church in that state being at Dewey. After retiring from the ministry he came to California for his health. A year was spent in Los Angeles by Rev. and Mrs. Carter and after returning to their former home at Austin, Minnesota, have returned to the Golden State and selected Glendale as the ideal home city.

Mr. and Mrs. Robert N. Greenlaw and their three children, Kenneth, Helen and Robert, 1014 East Maple street. Mr. Greenlaw is connected with the Glendale Realty Company, 133 South Brand boulevard. The family formerly lived at 708 North Jackson street.

Welcome to Glendale!
Mr. and Mrs. Archibald Burnett of Santa Ana, 705 South Adams street.

Dr. and Mrs. Dwight C. Davis of Hollywood, 1000 East Maple street. Dr. Davis is now in the brokerage business at 212 South Brand boulevard.

Mr. and Mrs. J. F. Ireland, formerly of Terre Haute, Indiana, 930 East Maple street. They have been living at 540 West Ivy street.

Mr. and Mrs. Theodore Fleischman, 701 South Adams street. Mr. Fleischman is connected with the Peerless Home Building & Investment Company, 212 South Brand boulevard.

Religion Is More Than Emotion, Says Rev. H. G. Preston

"Exemplified Christianity is not a thing of the past; we have it in our midst," declared Rev. Harley G. Preston in his morning sermon yesterday at the Pacific Avenue Methodist church.

"Upon viewing a fine piece of art or a beautiful building, we see and admire the finished product, but not the work and toil necessary," stated Rev. Preston. "So with St. Paul. We admire the finished product of his life, his great victories in spiritual battles, but we do not always remember the toil, the losses, the heartaches and sufferings which were his."

"Paul was not educated into the Kingdom of God and no one else ever was. Education does not save in itself and alone is a cold and lifeless thing. While reasoning is necessary, no one can reason himself into the Kingdom of God. There are some things we cannot fathom and some things we must accept by faith."

"Paul did not underestimate education. Neither should we. We should always have a thirst for knowledge."

"I said that one could not reason himself into the Kingdom of God and that Paul was not educated into it. That is true, but that is not saying that God does not expect us to use our reasoning powers to best advantage. We are told to think and think hard, but our thinking is a means to an end."

"Religion is more than emotion. Emotion has its part in religion, but it is effect—not cause. Of course, there will always be some intellectual difficulties for any man who thinks. If he doesn't think, God have mercy on him."

"A new world opens up to the man converted. You know it isn't hard to love oneself. That's one trouble with the world today—too much love for self and too little for others. But sometimes we love ourselves in a mighty mean way and one may love his neighbors in the same manner."

GIVES TWO RECIPES FOR PREPARATION BY HOUSEWIVES

Miss Ellen Hanson, Director of Cookery, High School, Makes Suggestions

Try these over on your kitchen range, is the advice of Miss Ellen Hanson, director of cookery at the Glendale Union High school, in regard to the following recipes:

The first is for an apple sauce cake somewhat similar to fruit cake. It requires one-half cup of butter, one cup of sugar, one and a half cups of apple sauce, one cup of raisins, two cups of flour, two teaspoonfuls of soda, a half teaspoonful of salt, the same quantity of nutmeg, one teaspoonful of cinnamon and one cupful of walnuts.

Cream the butter, add the sugar and sift the dry ingredients. Clean the raisins and sprinkle with part of flour. Add the apple sauce then the dry ingredients. Beat thoroughly and add the raisins and nuts. Bake one and a half hours in a slow oven. The second recipe is for oatmeal date wafers which are something like fig newtons. First, it is necessary to make a date paste. This requires a pound of dates, a cup of sugar, half a cup of water, and a tablespoonful of lemon juice.

For Use in Cakes
For the cakes themselves is required a cup of butter or butter substitute and the same quantity of brown sugar, two and a half cups of flour and the same amount of flour and oatmeal, one teaspoonful of soda and half a cup of water.
Cream the butter and add the sugar. Sift the flour and soda together and mix with the oatmeal. Add the water and dry ingredients alternately. Roll a quarter of the dough to one-eighth of an inch in thickness in the shape of a rectangle. Spread half of this with the date paste and fold the other half over it. Cut into strips three inches by one inch and bake in a moderate oven. Eighty-eight wafers should be the result.

Reduction in Freight Rates Given for S. P.

SAN FRANCISCO, Dec. 19.—Reduction in freight rates from eastern territory to Pacific coast points on electrical appliances and supplies and electrical machinery, steel, long term sheets, marble and hardwood lumber were announced by the Southern Pacific company. A new rate of \$1.15 will apply on marble from Chicago and west, on a minimum carload weight of 40,000 pounds. The present commodity description on steel plate and sheet will be amended to include long term sheets at a rate of \$1.83 1/2 from New York and \$1.50 from Chicago to Pacific coast points.

The rate on hardwood lumber from New York territory to western points will be \$1.05 and from Pittsburgh 91 cents per 100 pounds. The present rate of \$1.20 1/2 per 100 pounds on cedar from Pacific coast to eastern points will be reduced to \$1.05. The rate will also apply on vinegar and the minimum carload weight will be 60,000 pounds.

The changes will become effective as soon as the tariffs can be published.

Sammies' Sisters Will Give Program at C. of C. Meet

Alberta and Lorene Davis, known to the army camps during the world war as the Sammie's Sisters, will be a big attraction at the Glendale Chamber of Commerce building dedication next Tuesday night. With the Glendale Music club they provide the harmony on the program.

The Misses Davis are considered one of the highest class lyceum acts and they play the trumpet, mellophone, flugel horn and other instruments in a way which has elicited much favorable comment. L. E. Behymer, Los Angeles impresario, says: "I have seldom heard such human tones on brass instruments. Their natural ease of manner, combined with the artistic finish and depth of feeling with which they play, appeals to the hearts of their hearers with unmistakable force."

HERE'S HOW THE SAMMIES' SISTERS APPEARED DURING THE WAR WHILE ENTERTAINING THE SOLDIER BOYS.

Treaty Is Gold Brick Asserts Senator Reed

WASHINGTON, D. C., Dec. 19.—Four power Pacific treaty was attacked in the Senate by Senator Reed, Democrat of Missouri, who said that the new pact should be called the "American-Japan alliance."

"The treaty is a gold brick," Reed declared. "It was finished in secret session at 11 o'clock on a dark night and handed to the American people the following morning in the hope that it would be sold quickly to an unsuspecting public. But the people are now becoming aroused to the meaning of it."

Release of Number of Prisoners Near

WASHINGTON, D. C., Dec. 19.—Attorney General Daugherty indicated that a large number of so-called political prisoners will be released from prison before Christmas. The attorney general said he had completed digests of the cases of 197 political prisoners and that within a few days where "the facts justify," it is probable many of these prisoners will be released. The attorney general would not say whether Eugene J. Debs was included among those who are likely to be released.

SPIRIT OF MYSTIC EAST PREVAILING IN THIS PICTURE

"One Arabian Night," With Pola Negri in Lead, Is T. D. & L. Feature

An epic of the screen. Much as that phrase implies, it is weak to describe "One Arabian Night," which began an engagement at the T. D. & L. theatre yesterday. It is a First National attraction, starring Pola Negri, the incomparable.

It is the ultimate in entertainment. Never have we beheld a picture which gripped the spectator to the extent that "One Arabian Night" does. All keenly enjoy tales of Oriental love, intrigue and revenge. Here the spirit of the mystic East envelops one as the story unfolds, and at the end it is with a start that he finds himself sitting in a theatre chair.

The settings are staggering in their immensity and massiveness. The action is laid in the desert and in the ancient city of Bagdad. Marvelous are the street scenes and the interiors of the harem and the palace of the sheik, and gorgeous the furnishings.

Benefit for Intermediate Tomorrow is the annual Intermediate School Benefit at the T. D. & L. theatre.

As special added features to the program, Manager Ralph Allan has arranged for the personal appearances of two film stars—Zeda, the Giant Zulu of "The Miracles of the Jungle" fame, in native costume, and Little Coy Watson, Jr., the Boy Actor, star of "The Nick of Time Hero," the comedy also being shown. They will appear at both afternoon and evening performances.

'Joy in Christian Giving' Subject of Dr. Funk's Sermon

"Joy in Christian Giving" was the subject of the morning sermon by Dr. H. C. Funk yesterday morning at the First Lutheran church.

"Gifts are valuable only as they become expressions of love and appreciation," declared Rev. Funk. "And as we are thinking of Christian giving, we may ask what gifts has infidelity bestowed that have proved a blessing to mankind? What institutions has she built for the amelioration of the poor or to relieve the oppressed?"

"Some time ago a well known skeptic in Kansas City died. His friends were surprised to learn that he had willed all but \$4,000 of his fortune to religious organizations. When he looked about for a safe place to put his wealth for the future benefit of others, he found that the Christian institutions were the agencies for the greatest blessing to mankind."

"All about us we may observe the beneficent influences of our holy religion. Who would want to bind himself down to live in Glendale for ten years if the Bible and the Christian church were barred from our city?"

"Senator Hoar in an address at Concord said: 'But none the less do we need an arm on which to lean, a voice to utter our own needs, an interpreter to us and our children of the counsel of God in spiritual things. To enforce the sense of duty; to strengthen the will; to kindle the flame of religious affection; to make Sunday last through the week; to bring consolation to sorrow; to organize charity; to stimulate Christian activity; to summon our youth to holy living and brave dying; to drive clouds of spiritual darkness from the way of men; to bring life as well as immortality to light—these are the functions of the Christian church!'"

War Craft Will Be Used at Lake Resorts

SAN FRANCISCO, Dec. 19.—Cutters, whaleboats, skiffs and motor hulls in large quantities recently offered for sale by the United States navy and which were stored at Mare Island yard since the world war, have been purchased outright by Thomas Crowley.

All the available craft at the navy yard were purchased. It is Crowley's intention to act as supply agent for the various summer boating firms in the lakes and streams of California.

IF SKIN BREAKS OUT AND ITCHES APPLY SULPHUR

Just the moment you apply Mentho-Sulphur to an itching, burning or broken out skin, the itching stops and healing begins, says a noted skin specialist. This sulphur preparation, made into a pleasant cold cream, gives such a quick relief, even to fiery eczema, that nothing has ever been found to take its place.

Because of its germ destroying properties, it quickly subdues the itching, cools the irritation and heals the eczema right up, leaving a clear, smooth skin in place of ugly eruptions, rash, pimples or roughness.

You do not have to wait for improvement. It quickly shows. You can get a little jar of Mentho-Sulphur at any drug store.—Advertisement.

Mrs. W. J. McLennan of Australia Will Give Talk Tonight

"The Near Coming of a Great World Teacher" is announced as the subject of the final lecture of the Theosophical series held at Odd Fellows' hall, 111 East Broadway, for the past six weeks. Mrs. W. J. McLennan of Sydney, Australia, who, it will be remembered, gave the first lecture of this series, will present this subject tonight at the same hall.

Mrs. McLennan is well known as a leader in the Order of the Star of the East. This order comprises thousands of members of every religious organization in the world. Their sole aim is the spreading of the belief in the near coming of a great world teacher, they state.

Mrs. McLennan, in an interview today, gave some of the reasons for this belief the fact that "the solar system has just entered (in 1912) the sign of Aquarius. It takes about 2024 years to pass through a sign and hitherto a great teacher has always come shortly after this event. Christ was the last great avatar and He came when we entered the sign of Pisces."

"In certain countries of the east, particularly Persia, prophets have appeared announcing the coming of one greater than they. The universal need of a re-statement of the old truths and the expectation of the old religions that their founder will sometime reappear."

"Whether you can agree with Mrs. McLennan or not the lecture will be well worth while and she extends a cordial invitation to the public to attend," the committee in charge states.

WORK OF Y. M. C. A. IS GIVEN SUPPORT BY METHODISTS

About \$600 Is Pledged to Aid in Work of 1922; Sermon by Dr. C. M. Crist

In spite of the rain a good congregation assembled at the First Methodist church Sunday at 11 o'clock. The work of the Y. M. C. A. among the boys of Glendale was presented by C. W. Ingledue in an earnest, enthusiastic way. The new status in which the local work is supported by the local people was explained and the leadership of Rex Kelley was highly praised. Most of the churches of Glendale are assisting in making the institution a success here. In response to Mr. Ingledue's plea about \$600 was subscribed to aid in the work for 1922.

Sermon by Dr. Crist "Building Up Yourself" was the subject of Dr. C. M. Crist in the morning sermon. It was taken from Jude, verse 20, "But ye, beloved, building up yourselves on your most holy faith."

"Though there is the supernatural and the miraculous in our religion, yet there is danger in thinking the supernatural alone will take care of all our plain every day duties. To resist evil let us make ourselves strong against every kind of temptation," said the pastor.

"When disease is prevalent it is not necessary to take in all the various preventatives. It is best to develop general health; proper sleep, right habits, nourishing food, sufficient exercise all play their sensible part. The same law should prevail in the spiritual life. It is the weak person who becomes the victim."

"A shepherd in the Holy Land explained that the well sheep do hear their shepherd's voice and heed not a stranger, but that if a sheep is sick he is in danger of heeding the voice of one not the master."

Healthy Church Can Resist "Hold to Christ. Bishop Berry was concerned at some leaders in theological seminaries who were explaining away the Christ. He could say: "They have taken away my Lord and I know not where they have laid Him."

"Don't antagonize everybody but be exercised most about yourselves. A healthy church is most likely to resist faith-sapping 'isms.' In the olden time holy men meant 'wholly' or 'healthy' men."

"In order to build the church of tomorrow we must properly instruct the children of today. Character building is not only by the divine hand but largely by the work of our human labor, by our free-will."

"I know an oak in a clump of pines with roots intertwined with pine roots, yet it gathers only the material to make an oak. In the same way how interesting is the growth of a boy! How the soul grows also! It is the process of living each moment according to the Christ ideal. There are really no conflicting duties. To become a greater Christian is the chief duty. From the human side one is largely his own builder with Christ as the great architect furnishing the plan of the structure."

STORY BY DICKENS WELL TOLD UPON SILVER SHEET

Glendale Theatre Is Showing 'Our Mutual Friend' and It Will Win Appreciation

That Dickens, master of adroit and quizzical humor, was a master of melodrama is not so frequently remembered, but his last great novel, "Our Mutual Friend," is an excellent example of the extraordinary storytelling ability of this famous English author.

"Our Mutual Friend" is the story of the missing heir to a great fortune left by an eccentric father. This Harmon fortune temporarily diverts to Mr. and Mrs. Boffin, who give shelter to Bella Wilfer, the girl who was to have married the heir. The Boffins are blackmailed by two delightful rogues, Silas Wegg and Mr. Venus, who discover and make use of a later will to deprive the Boffins of their affluence.

You Will Like It After many tense moments and exciting episodes the story unravels in a highly amusing manner. Those who see "Our Mutual Friend" now showing at the Glendale Theatre will have a warmer feeling toward the "movies." It will make you like the theatre better. After you see it you will take your friends with you while you see it again.

"Fifteen Minutes" is the fitting title for the laugh fest on the bill, while Topics, Chats and a News reel complete the bill. Last night's concert by James Burroughs, featuring My Piano and Me, proved wonderful in singing "The Holy City." Paul Carson's organ selections were well received.

'Foolish Wives' Is Released This Week in New York Theatre

"Foolish Wives," the million dollar Universal Von Stroheim production in which many Glendale people are interested, is to be screened for the first time this week at the Broadway theatre in New York after every imaginable difficulty has been overcome. Besides spending a couple of fortunes, Von Stroheim was so hypnotized by the magnitude of the production that a bonus of \$19,000 was paid A. D. Ripley to cut the film while it was being transported east on the Union Pacific.

Dolls were children's playthings in the days of Babylon.

Princess' Lover Is 40, but Ardent Wooer

LONDON, Dec. 19.—Viscount Lascelles, who will marry Princess Mary, only daughter of King George and Queen Mary, in February, is an ardent wooer. Although the Viscount will be 40 years of age his next birthday, he is courting his beautiful 24 year old fiancée with the fervor of a swain of 20. Every day Viscount Lascelles calls at Buckingham palace to see the

princess and every morning a beautiful bouquet of flowers is left at the palace. The Viscount personally selected the engagement ring. It is a single emerald, square cut.

"I am glad to say the selection has met with the entire approval of Princess Mary," the Viscount told friends.

This will be the first marriage in the British royal family since George (the present King) was married to Princess Victoria Mary of Teck, on July 6, 1893.
